ESSENTIALS OF PUBLIC FINANCE AND PUBLIC ECONOMICS

Catering the need of

B.A. Honours students of Guwahati University (Sem. V & VI) & Dibrugarh University (Sem. IV & V)

B.A. Honours and Post-graduate students of various Indian Universities.

Dr. OM PARKASH
M.A., Ph.D
Professor (Retd.)
Punjab School of Economics,
Guru Nanak Dev University,
AMRITSAR (Pb.)

VISHAL PUBLISHING CO.
JALANDHAR — DELHI
CONTENTS

1. Nature and Scope of Public Finance 1–16

4. Externalities 33–38

5. Sources of Public Revenue 39–50
   Concept of Public Revenue, Taxes, Charges and Borrowing, Characteristics of a tax, Commercial revenue, Administrative revenue, Fees and Fines, Special Assessment, Gifts and Grants, Sources of Revenue for the Union Government : Revenue Receipts, Receipts on Capital account, Relative role of Direct and Indirect taxes, Goods and Service tax.

6. Structure of Taxation : General Considerations 51–63

7. Principles of Taxation 64–72

8. Classification or Types of Taxes 73–82
   Definitions of Direct and Indirect Taxes, Comparison between direct and indirect taxes, Administrative aspect (Administrative cost), Distributional aspect, Role of indirect taxes in underdeveloped countries, Role of direct taxes in underdeveloped countries, The structure of tax rates (proportional, progressive and regressive taxes), Proportional Taxes, Progressive Taxes, Regressive Taxes, Degressive taxes, Specific and advalorem taxes–Merits of specific taxes, Demerits of specific taxes, Advalorem taxes–Merits of advalorem taxes, Demerits of advalorem taxes, Conclusion.

9. Incidence of Taxation 83–93
competition, Factors influencing the shifting of a tax, Tax shifting under monopoly, Drawbacks of modern theory of tax incidence, Modern concept of incidence of tax, Relative usefulness of concepts of incidence, Superiority of modern concept of incidence, Measuring changes in distribution, Measure of income equality, Tax compliance, Determinants of tax compliance, Suggestions.

10. Effects of Taxation 94–103
Effects of taxation on production—Effects on ability to work, save and invest, Willingness to work, save and invest, Diversion of resources between industries and places, Effects of taxation on distribution, Production versus distribution (Trade off between equity and efficiency), Other effects of taxation; Measurement of progressivity of a tax, Measurement formula, Desirable degree of progressivity, Laffer curve.

11. Taxable Capacity 104–111
Concept of Taxable Capacity, Measuring Taxable Capacity (Tax/GDP), What does Tax-GDP Ratio Signify?, Importance of Taxable Capacity, Factors Determining Taxable Capacity, Limits of Taxable Capacity, Taxable Capacity in India: Causes of Low Taxable Capacity, Has India reached its Taxable Capacity?

12. Analysis of Individual Taxes—Direct Taxes 112–125

Customs duties—Types, Incidence of Customs Duties; Incidence of Export Duties, Incidence of Import Duties, Objectives of Customs Duties, Advalorem vs. Specific customs duties, Merits of customs duties, Limitations of Customs Duties, Export duties, Recommendations of Long-term fiscal policy regarding import duties, Customs Duties Reforms (1980–81—1989–90), Period of Liberalisation (1991 onwards), Budget proposals since 1991-92, Major recommendations of the task force (Kelkar Committee) on customs tariff, Union excise duties—canons of Excise Taxation, Purposes / objectives of excise duties, Justification of excise duties in developing countries, Objections against excise duties, Constitutional provisions, Various types of Excise Duties, Commodity coverage, Excise duty on inputs, Excise Rate-Structure, Features of excise duties in India, Tax Reforms Committee, Budget proposals—excise duties (since 1990-91), Major recommendations of the task force (Kelkar Committee), The Value Added Tax—Meaning of VAT, Computation of VAT, Characteristics of VAT, Types of value added tax, Merits of VAT, Difficulties in respect of VAT, Economic effects of VAT, VAT in India, Introduction of MODVAT, Tax reforms Committee, 1991 and MODVAT, Extension of VAT to the wholesale stage, Introduction of CENVAT, What is CENVAT ?, Coverage of CENVAT Scheme, Kelkar Committee on VAT, State-level VAT, Salient features of the VAT design finalised by empowered committee, Challenges ahead, Service tax, Kelkar Committee on taxing services.

15. Classification of Public Expenditure 179–182
Introduction, Adam Smith’s Classification, Pigou’s Classification, Shirra’s Classification, Dalton’s Classification, Nicholson’s Classification, Roscher’s Classification, J.K. Mehta’s Classification, Classification of Union Government’s Budget in India— (Public Expenditure), Economic Classification, Functional Classification, Plan and Non–Plan Expenditure.

16. Effects of Public Expenditure 183–189
Direct and Indirect Effects, Effects of Public expenditure on Production, Effects of Public expenditure on production, etc.
on Distribution, Effects of Public expenditure on Stability, Effects of Public expenditure on Growth and Development, Undesirable effects of Public expenditure.

17. Growth, Structure and Control of Public Expenditure in India

18. Public Debt

19. Public Debt in India

20. Public Budget

21. Fiscal Policy

22. Fiscal Policy in a Developing Economy

Introduction, Fiscal policy and mobilisation of resources, Objectives of fiscal policy in a developing economy, Limitations of fiscal policy.
23. Federal Finance 288–300

24. Centre–State Financial Relations in India 301–334

25. Public Sector Enterprises 335–378

26. Local Government Finance 379–392

27. Public Finance in Developing Economies 393–400
The Characteristics of LDCs, The main determinants of economic growth, Goals of Developing Countries, Government activity and economic development, Measures to increase investment, Type of investment, Expenditure level and Pattern in Developing Countries, Tax Structures in developing economies : Forms of taxes, tax incentives.

Bibliography 401–402
Index 403–406
INDEX

A
Ability to Work, Save and Invest 184
Ability-to-pay principle 67
Absolute Tax Incidence 90
Absolute taxable capacity 104
Acceleration of economic growth 264
Ad valorem duties 138
Ad valorem rates 140
Ad Valorem taxes 81
Ad Valorem vs. Specific Duties 128
Additional (Countervailing) Duty of Customs 126
Additional Duties in lieu of Sales Tax 137
Additional Excise Duty (Textiles) 137
Administered prices 356
Administrative cost 75
Administrative Expenditure 195
Administrative revenue 41
Aggregate effective demand 187
Aggressive disinvestments 376
Allocation Function 9
Allocation of resources 74
Allocative efficiency 376
Annually Balanced Budget 265
Automatic fiscal stabilisers 275
Auxiliary Duty of Customs 126
Average Cost Pricing 348, 353

B
Balance of Payments 213
Balanced budget 12
Basic Excise Duty 137
Benefit principle 64
Borrowings 39, 299
Break-Even Principle 351
Budget deficit 200
Budget Incidence 90
Budget surplus 200
Budget 238
Budgetary control 198, 259
Budgetary deficits 201, 221
Budgetary imbalances 201
Budgetary resources 376
Built-in Flexibility 277
Built-in Stabilisers 276, 277
Built-in flexibility 76
Buoyancy of Taxes 57
Burden of External Debt 209
Burden of public debt 208

C
Calamity Relief 321
Canons of Excise Taxation 135
Canons of Public Budgeting 239
Canons of Public Expenditure 176
Canons of taxation : Concept 51
Capital budget 245
Capital expenditure 181, 190
Capital formation 283
Capital Gains 113
Capital goods sector 286
Capital Levy 212
Capital outlay 295
Capital structure 262
Capital transactions 43
Cash balance 200
Cash Budget 243
Causes of public expenditure growth 174
Centrally Sponsored Schemes 311
CENVAT 45, 141, 151
Cesses 126, 137
Characteristics of a Good Tax System 53
Characteristics of a tax 40
Characteristics of Public Utilities 345
Characteristics of the Budget 239
Charges 39
Classification of Public expenditure 179
Colin Clark (Critical Limit) Hypothesis 172
Collective bargaining 285
Commercial Banks 202
Commercial revenue 40
Commodity taxes 96
Company Form of Management 342
Compensatory Aspect of Public Debt 201
Compensatory fiscal policy 287
Compensatory Public Spending 269
Competitive federalism 291
Compulsory debt 205
Compulsory loans 205
Concentration theory or Surplus theory of shifting and incidence 85
Concept of equity in taxation 64
Concept of Government Budget 238
Concept of Taxable Capacity 104
Confederation 289
Conflicting ends of fiscal policy 283
Consolidated Fund 241
Consolidated General Government 191

Conspicuous and luxurious consumption 95
Constant expenditure 181
Contingency Fund 229
Contingency Fund 242
Control of Public Expenditure 198
Conventional Budget 243
Conversion of Loans 211
Co-operative Federalism 291, 334
Corporate Tax Reforms 120
Corporate Tax 48, 117
Cost and price cascading effects 286
Cross Classification or Economic-Cum-Functional Classification of the Budget 250
Cub goods 31
Customs Duties 126, 398
Customs duty structure 49
Cyclically Balanced Budget 266

D
Dalton’s Concept of Incidence 84
Debt Burden and Future Generation 215
Debt liabilities 223
Debt Relief 322
Debt servicing 227
Debt Trap 235
Decentralisation 290, 334
Decentralised Dispensation 380
Decentralised polity 288
Deficit budgeting 274
Deficit financing 12, 218, 284, 286
Deficit, Surplus and Balanced Budget 244
Definition of Income 112
Definition of public expenditure 161
Definitions of tax 40
Deflation 5
Deflationary situation 282
Deflationary tendencies 278
Degressive Taxes 80
Demerit goods 30
Demonstration effect 97
Departmental undertakings 340
Developed economy 100
Development budget 246
Development expenditure 193, 196, 246, 285
Differential Tax Incidence 90
Diffusion theory of shifting and incidence of a tax 86
Direct Money Burden 208
Direct physical controls 283
Direct physical controls 284
Direct Real Burden 209
Direct tax 73
Direct Taxes Code 46
Direct taxes 46
Disaster Relief 332
Discretionary fiscal policy 278
Discretionary fiscal stabilisers 275
Discretionary Fiscal Stabilisers 278
Discretionary transfers for centrally sponsored schemes 308
Disguised unemployment 282
Disinvestment of Public Sector Enterprises 371
Disinvestment 372
Disparities of income and wealth 186
Distinction between Public and Private Expenditure 162
Distribution Function 9
Distributional Goals 396
Distributional justice 3
Distributive justice 7
Diversification of agriculture 282
Diversion of resource 97
Diversion of Resources between Different Uses and Areas 184
Diversion of resources between industries and regions 97
Dividends and profits 43
Doctrine of Pith and Substance 289

E
Economic and social overheads 185
Economic Classification of Budget 248
Economic classification of the budget 246
Economic classification 181
Economic Efficiency 59
Economic growth 3
Economic incidence 83
Economic inefficiency 376
Economic inequalities 7
Economic instability 187
Economic stabilisation 282
Economic stability 287
Effective tax rate 101
Effects of public debt 207
Effects of taxation 84, 94
Effect of demand for income 96
Elasticity of Taxation 56
Emergency budget 244
Environmental externalities 37
Environmental pollution 34
Equal absolute sacrifice 67
Equal marginal sacrifice 67, 68
Equal proportional sacrifice 67
Equal sacrifice principle 67
Equitable distribution 7
Equity in Taxation 54
Estate Duty 125
Excess burden or dead weight losses 61
Excess Burden 136
Excise Duties 399
Executive budget 242
Expenditure Level 397
Expenditure Policy 270
Expenditure Tax 123
Export Duties 126
Export Duties 129
External debt 203, 206
External public debt 225
External source of borrowing 203
Externalities 33, 335
F
Factors Determining Taxable Capacity 106
Factors influencing the shifting of a Tax 87
Federal governing 289
Federalism 288
Fee riders 23
Fees and fines 41
Finance Commission 308
Financial administration 13
Financial Administration 8
Financial Autonomy 333
Financial decentralisation 301
Fiscal Access 295
Fiscal consolidation 325
Fiscal Decentralisation 385
Fiscal discipline 284
Fiscal federalism 291
Fiscal federalism 292
Fiscal federalism 301
Fiscal gap 297
Fiscal imbalances 297
Fiscal operations of the state 21
Fiscal Policy 263
Fiscal problems 2
Fiscal Road Map 332
Foreign exchange reserves 286
Formula Flexibility 278
Forward and Backward shifting of a Tax 84
FRBMA 45
Free market enterprise economy 12
Free market mechanism 12
Free rider 28
Fringe Benefit Tax (FBT) 122
Full Employment Budget 244
Fully Managed Compensatory Budget 267
Fully proportional sacrifice 67
Fully stabilized 244
Functional classification of public expenditure 179
Functional Classification 182

G
Gadgil Formula 310
General benefit Tax 65
General fiscal rationality 94
Gift Tax 125
Gifts and grants 42
Gini co-efficient of income distribution 101
Gini co-efficient 101
Global public goods 30
Global warming 37
Global-public goods 37
Goods and Services Tax 330
Goods and Services Tax 49
Government budgetary practices 4
Government Company 340
Government financial operations 3
Grants 299
Grants-in-aid 300, 327
Green growth 325
Gross debt 200
Gross debt 205
Gross Total Income 113
Growth and Development 188
Growth and equity 286
Growth of public expenditure 169

H
Horizontal equity 61
Horizontal Fiscal Imbalance 296
Human Resource Development 199
Impact of the tax 83
Importance of public finance 5
Incidence of a tax 83
Incidence of Export Duties 127
Income inequality 102
Income redistribution 70
Income Tax 112
Income Tax 46
Income utility 70
Increasing employment opportunities 264
Incremental Capital-Output Ratio 394
Incremental saving ratio 283
Indirect Money Burden 209
Indirect Real Burden 209
Indirect tax 73
Indirect taxes 48
Individual Income Tax 398
Inequality of income distribution 286
Inflation 5
Inflationary tendency 283
